

CONNECTIONS

I	Input pressure line	M18x1.5 ISO 6149
B	Regulated pressure line	M18x1.5 ISO 6149

LIMITS OF USE

Max input pressure port	120 bar
Max ΔP I->U	80 bar
Working temperature	-20°C/+90°C
Hydraulic fluid	Hydraulic oil DIN 51524
Filtering level	NAS 1638 class 8

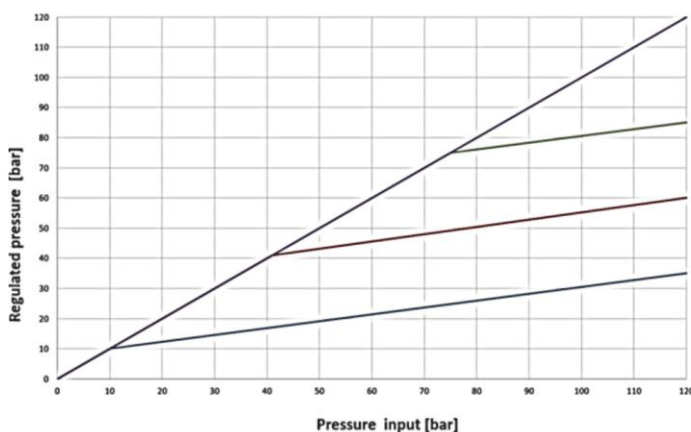

ORDER PART NUMBER

20 6120

6120: Manual Braking Pressure Adjuster

20: Product class

REGULATED PRESSURE vs INPUT PRESSURE

Key features and operating instructions:

- For use with vehicles without suspensions, which do not allow to use automatic braking pressure adjuster
- 4 levels of braking pressure regulation, adjustable by manually moving the handle
